

## PREMIER WINE CLUB – SUMMER 2026

### 2017 HOWELL AT THE MOON CABERNET SAUVIGNON

#### QUICK FACTS

- Appellation: Howell Mountain, Napa Valley
- Variety: Cabernet Sauvignon
- Average Retail: \$139–150
- Club Price: \$100

#### VINEYARD

Howell at the Moon is sourced from the renowned Howell Mountain AVA, one of Napa Valley's premier mountain-growing regions. High elevations, rocky volcanic soils, and cool mountain temperatures produce Cabernet Sauvignon with intense concentration, firm structure, and exceptional aging potential.

#### WINEMAKING

The 2017 vintage showcases the power and elegance of mountain-grown Cabernet Sauvignon. Careful vineyard selection and extended barrel aging helped develop depth and complexity while maintaining the distinctive character and structure that Howell Mountain wines are known for. The result is a richly layered Cabernet built to enjoy now or cellar for years to come.

#### TASTING NOTES

Aromas of **ripe blackcurrant, blackberry, sweet licorice, and tobacco** are joined by hints of **cherry chocolate, dried orange peel, and wet earth**. Full-bodied and beautifully balanced, the palate delivers concentrated dark fruit framed by velvety tannins and remarkable richness. The finish is long, seamless, and accented by lingering notes of dark chocolate and spice. Enjoy with prime rib, grilled ribeye, or other richly flavored dishes.
